To the ECCG7-Paris 2022 International Scientific Committee Members and Program Committee Members

To the ESCG3-Paris 2022 Pedagogical Committee Members

Dear Colleagues,

[abstract submissions](#) and [registrations](#) to the 3rd European School on Crystal Growth (ESCG3) and 7th European Conference on Crystal Growth (ECCG7) are open.

I request your help in diffusing the informations about these events and convincing people to attend them. Please do not hesitate to send any suggestions, comments, ... to me.

We have room for 310 persons for ECCG7 and for 60 persons for ESCG3.

So far, we are still waiting for feedback about our IUCr fellowships application to help students attending both ESCG3 and ECCG7.

The public health situation is getting better in France.

With my best regards,

Matias Velazquez

7th ECCG Congress - Registration is now open !

REGISTRATIONS ARE OPEN

It is a great pleasure to invite you to join the **3rd European School on Crystal Growth (ESCG3)** and the **7th European Conference on Crystal Growth (ECCG7)** to be held in **Paris, France, on July 20-27, 2022.**

The ECCG7 Conference program now includes **15 sessions** covering the most advanced research in all topics of crystal growth phenomena, theory, experiments and applications, planned to be presented and discussed in four plenary lectures, about **30 invited talks**, various oral presentations delivered in three parallel sessions, and poster sessions.

We are very excited to announce the four plenary invited lectures of ECCG7:

Dr. James F. Lutsko

Step-growth, impurities and mass transport: the surprising complexities revealed by simulation

Center for Nonlinear Phenomena and Complex Systems
 Université Libre de Bruxelles, Brussels, Belgium

Prof. Dr. Simona Fermani

Recent advances in protein crystal growth
 Department of Chemistry "G. Ciamician"
 University of Bologna, Bologna, Italy

Prof. Dr. Sarah (Sally) L. Price

Can the crystal structures of pharmaceuticals be predicted?
 Department of Chemistry
 University College London, London, United Kingdom

Dr. Oliver Bierwagen

The physical chemistry of oxide molecular beam epitaxy
 Paul Drude Institute for Solid State Electronics, Berlin,
 Germany

As well as our first session invited lecturers:

<p>Session "Bulk Crystal Growth" Dr. Iryna Buchovska <i>Directional solidification of Si in travelling magnetic fields: control of material properties</i> Leibniz Institute for Crystal Growth IKZ-Berlin, Berlin, Germany</p>	<p>Session "Functional Crystals" Dr. Ekaterina Pomjakushina Laboratory for Multiscale Materials Experiments, Research with Neutrons and Muons Division Paul Scherrer Institute, Villigen, Switzerland</p>	<p>Session "Semiconductors" Dr. Jennifer Hite <i>Homoepitaxial Growth for Vertical GaN Power Devices</i> Electronics Science and Technology Division US Naval Research Laboratory, Washington DC, USA</p>
<p>Session "Structural Defects and Impurities in Crystalline Materials" Dr. Kevin-Peter Gradwohl <i>Structural Defects in Czochralski-grown Ge Crystals for Neutrinoless Double Beta Decay Experiments</i> Leibniz Institute for Crystal Growth IKZ-Berlin, Berlin, Germany</p>	<p>Session "Crystallization of Inorganic Materials" Prof. Dr. Geetha Balakrishnan Department of Physics University of Warwick, Coventry, United Kingdom</p>	<p>Session "Novel Materials and Structures" Prof. Dr. Anna Isaeva <i>Crystal Growth of Van der Waals Topological Materials</i> Van der Waals-Zeeman Institute University of Amsterdam, Amsterdam, The Netherlands</p>
<p>Session "New Methods and Techniques for Crystal Growth" Dr. Antonio Vecchione <i>Challenges and Perspectives in the Growth of Ruthenates Single Crystals</i> CNR-SPIN University of Salerno, Fisciano, Italy</p>	<p>Session "Advances in Observation and Characterization Methods" Prof. Dr. Vanya Darakchieva Department of Physics, Chemistry and Biology (IFM) University of Linköping, Linköping, Sweden</p>	<p>Session "Digitization in Crystal Growth" Prof. Dr. Kentaro Kutsukake <i>How will machine learning change crystal growth research?</i> Center for Advanced Intelligence Project RIKEN, Nagoya, Japan</p>

If you require any further assistance during your registration, do not hesitate to contact us by email:

escg3-eccg7-paris2022@insight-outside.fr

Looking forward to meeting you in Paris,
The ESCG3 & ECCG7 organization committee

REGISTRATION

Early-Bird Registration:

Deadline: 01 June 2022

WEBSITE & CONTACT

> Website : <https://www.escg3-eccg7-paris2022.insight-outside.fr/>

For any other information, feel free to contact us:

> General information: escg3-eccg7-paris2022@insight-outside.fr

. Abstract submission

- ◦ [Submit your abstract](#)
- You are cordially invited to submit your recent results. Abstract submission deadline is on **April 15th**.
Hope to see you soon in Paris,
Best regards,

The ECCG7 Chairs

Browser

Browser configuration must allow acceptance of cookies and Javascript controls to use the online submission system. We recommend you to use [Internet Explorer 8](#), [Firefox 3.6+](#), [Chrome 5+](#) or [Safari 5+](#) in order to take full advantages of the system.

Sessions

- Advances in Observation and Characterization Methods
- Bulk Crystal Growth
- Crystallization in Biological Systems
- Crystallization of Inorganic Materials
- Crystallization of Organic Materials & Industrial Crystallization Process Engineering
- Digitization in Crystal Growth
- Functional Crystals
- Fundamentals of Nucleation and Crystal Growth
- Mineral Growth Processes
- New Methods and Techniques for Crystal Growth
- Novel Materials and Structures
- Optical Crystals
- Semiconductors
- Structural Defects and Impurities in Crystalline Materials
- Surfaces, Interfaces, Epitaxial Growth, Thin Films & Growth at the Nanoscale

Key dates

Abstract submission call opening : **November 22nd, 2021**

Abstract submission deadline : **April 15th, 2022**

Notification of acceptance : **June 9th, 2022**

[Abstract submission guidelines](#)

Presentation formats

Oral Presentation : 15 min + 5 min

Abstract submitted to the ECCG7 topic areas will be grouped together by the thematic area chairperson into paper sessions allotted of 20 minutes including discussion

Poster Presentation :

Preferred poster size is A0.

Please, do not exceed - max poster height=119 cm; max poster width=85 cm.

Guidelines

The conference language is **English**. All abstracts must be submitted in English and online. Do not fax, mail or email abstracts, they will not be considered. In order to give a talk or present a poster at the conference, please submit an abstract by filling out the abstract submission form.

Please note that accepted abstracts can only be programmed for a poster or an oral presentation if at least one author –most preferentially the presenting or the corresponding author- has registered for participation at the conference and has paid for the registration fees (January 2022).

Before starting your online submission

Prepare **personal data** (title, authors' details...). Please note that all informations that will be used and published in the scientific program and book of abstracts will be taken from this form.

Co-authors field: Enter the list of co-authors in the order you want them to appear.

Affiliations field: Enter the authors affiliations in the same order.

Abstract Content

[Download the abstract template here](#)

Upload your abstract: only pdf. Format

REGISTRATIONS

[Click here to register](#)

Registrations Fees

	Earlybird Prices (before 01 June, 2022)	Normal Prices (from 02 June, 2022)
ECCG7 Registration - Delegate *	580 € TTC	740 € TTC
ECCG7 Registration - Student **		480 € TTC
ESCG3 + ECCG7		
Registration - Student, Young Researcher (max PhD +10 years), Technician, Engineer (limited to 60 places)		920 € TTC
Gala dinner on 26 July, 2022 - Delegate and student		90 € TTC
Gala dinner on 26 July, 2022 - Accompanying person		110 € TTC

VAT applied : 20%

* For Permanent Professor, Permanent Researcher and Industry

** For PhD student or Post-doctoral researcher

The registration fee includes :

- Admission to all conference sessions
- The Welcome dinner on Sunday 24 July, 2022
- Lunches & Coffee breaks
- The conference kit

Health Policy

To welcome you in the best possible conditions, we will strictly follow the health and safety recommendations issued by the public authorities.

Your health and safety will be our main concern throughout the congress:

Your EU Covid vaccination pass will be controlled on a daily basis.

Wearing a mask will be compulsory in all areas of the congress. We invite you to bring your own masks.

Hydro-alcoholic gel will be available in various areas of the congress.

A limited number of 10 persons per table will be allowed at the conference restaurant.

All areas and furniture will be organised and adapted according to the recommendations and will be disinfected regularly.

All our service providers will apply the procedures recommended in the industry's guidelines and all staff working onsite during the congress will receive a specific training.

As of today, access will be conditioned to a valid vaccination pass. A vaccination proof must be presented at the entrance of the congress (certified paper proof with QR code). TousAntiCovid Verif is used to check the conformity of a proof to the rules in force at a given moment and does not allow to read health information of the participant, nor to store any personal data. More information on <https://www.gouvernement.fr/info-coronavirus/pass-vaccinal> and <https://www.diplomatie.gouv.fr/en/coming-to-france/>

Participants attending the ECCG7 Congress in person will be required to obtain a vaccination pass in order to enter the conference center. Attendees travelling to France are welcome to click [here](#) for information about the vaccination pass. (Please note that this page is in French, most browsers offer the option to translate webpages to other languages). This information is also subject to regular updates.

The barrier measures in force must be respected in all areas of the conference center (in particular wearing a mask). You will find the health policy rules in force to be respected during the whole congress by clicking on the following link: <https://www.gouvernement.fr/info-coronavirus>
